Huntingdonshire DISTRICT COUNCIL

Summary of Amended Application

Please Note

It is always advisable to check the progress of your application with the Local Planning Authority to ensure that an amendment will be accepted by them.

Proposal Name	JBO4638 Ellis
Reference	PP-13448157
Version Number	2
Submission Date	Tuesday, October 1, 2024

Amendments to the Application Form

Identification Of Tree(s) And Description Of Works - Please identify the tree(s) and provide a full and clear specification of the works you want to carry out

Previous Answers:

T1 False Acacia - Sever ivy and lift by 1.5 m over the drive way. Remove the lowest growth under the phone lines on the garden side and reduce the remaining tree back to the previous points or slightly lower if there is good growth. This will amount to approximately 3 meters coming of the top.
T2 Purple Plum - Reduce below the previous points. This will be approximately 2.5m. this is to keep it out of multiple phone lines.
T3 Smaller False Acacia - Reduce by 1.5m, remove the deadwood and clear the phone line.
T4 Weeping Silver Birch - Cut back the over extended limb on the right and tidy up any other bits as needed.
T5 Coppice the Hazel at 1.5m.
Back Garden.
T9/T10 2x Fir trees - Cut back to the fence line and reduce the remaining crown by 1.5m.
T11 Maple - Reduce by 2-3m to the previous points to keep the tree at an appropriate size for its location.
T13 Apple - Reduce the top to the obvious shape and bring the sides in slightly. This is approximately a 1m reduction.
T15/T16/T17 The back row of Hornbeams - Reduce by 2-3 meters back to the previous points.
T18/T19/T20 3 x Alder - Reduce by 2-3 meters. We will aim to reduce them as one.

Updated Answers:

T1 False Acacia - Sever ivy and lift by 1.5 m over the drive way. Remove the lowest growth under the phone lines on the garden side and reduce the remaining tree back to the previous points or slightly lower if there is good growth. This will amount to approximately 3 meters coming of the top.
T2 Purple Plum - Reduce below the previous points. This will be approximately 2.5m. this is to keep it out of multiple phone lines.
T3 Smaller False Acacia - Reduce by 1.5m, remove the deadwood and clear the phone line.
T4 Weeping Silver Birch - Cut back the over extended limb on the right and tidy up any other bits as needed. Will be cut back to up to 1.5M
T5 Coppice the Hazel at 1.5m.
Back Garden.
T9/T10 2x Fir trees - Cut back to the fence line and reduce the remaining crown by 1.5m. Reduce the height by 1.5m and bring the sides in to match.
T11 Maple - Reduce by 2-3m to the previous points to keep the tree at an appropriate size for its location.
T13 Apple - Reduce the top to the obvious shape and bring the sides in slightly. This is approximately a 1m reduction.
T15/T16/T17 The back row of Hornbeams - Reduce by 2-3 meters back to the previous points.
T18/T19/T20 3 x Alder - Reduce by 2-3 meters. We will aim to reduce them as one.
