44 High Street Somersham PE28 3JB. CA (8169-Bains)

Identification of Trees and proposed work:

T1 Robinia in front lawn: fell close to ground level
Reason: tree is decayed at the base and in the main stem up to approx. 3 metres

G1 3x Lime at side of front garden: remove epicormic growth up to 5m
crown lift to 5m over neighbouring car park and remove major dead wood
Reason: to allow inspection of lower stems, tidy appearance and improve access in neighbouring car park

G2 2x Sycamore at side of front garden: reduce laterally over car park by 2 - 2.5m and sever Ivy at base
Reason: to improve access in neighbouring car park

T2 Elm on front boundary: remove low branch back to main stem at 4m
Reason: to clear overhead cables

T3 Lime on front boundary: reduce to pollard at 3.5-4m
Reason: to clear overhead cables and to manage in the future as a pollard in line with other Lime trees on front boundary

T4 Sycamore in back garden: sectional fell close to ground level
Reason: tree is heavily decayed at the base and leans over neighbouring garden
