Planning application number 26/01956/pip

[redacted] Mulleins Church road Easton

For application number 26/01330/pip We gave 6 reasons for refusing 1 very narrow roads with no verges 2 Too much traffic already in and going through the village 3 No facilities in the village so we have to use our cars for doctors, shopping, schools, work. 4 It is a very dangerous junction onto the A 14 and there is no adequate slip to come off. 5 The buses that collect and return children from school have to reverse into The lane, again very narrow and a blind spot 6 There is also a flooding issue which needs consideration.

To add another 2 houses to the site, increases all those issues. In addition it seems premature to put another application in when the first hasn't completed.

Any housing development on what is at present open countryside must render the remaining land less feasible for agricultural use. Crown cottage is a listed building, and building on that land could increase the risk of flooding, and this cottage suffered extensive flooding damage in 2020.
