TREE WORKS SKETCH PLAN

Flat 9, 65 The Grange, High Street, Somersham

Applicant's proposed works: maintain approximately 2 m clearance between the trees' branches and the dwelling's walls/roof.

PROPOSED TREE WORKS

T1 – Prune back the crown/overhanging branches to provide approximately 2 metres clearance from the house walls and roof.

T2 – Prune back the crown/overhanging branches to provide approximately 2 metres clearance from the house walls and roof.

Both trees are to be retained. No felling is proposed. Pruning to be carried out by a competent tree surgeon, making appropriate cuts and retaining the natural form of each tree.

PLAN KEY

Red circles and labels T1/T2: approximate locations of the two trees identified by the applicant.

ORIENTATION

North is shown by the arrow. The aerial image is reproduced from the applicant's supplied map screenshot.

IMPORTANT NOTES

Indicative sketch only – not to scale. Tree positions are approximate, based on the applicant's marked aerial photograph. Property boundaries have not been surveyed or verified. Confirm exact tree positions and ownership before submission.
