Dear Hannah,

RE: PROVISION OF WATER SUPPLIES FOR FIRE FIGHTING
DISCHARGE OF CONDITIONS: Discharge of conditions 12 and 19 of 21/01420/S73

Cambridgeshire Fire & Rescue Service can confirm that statutory consultation has taken place with **Cambridge Water** and that they have been advised on the quantity, serial numbers and locations of the fire hydrants necessary to serve the development.

In principle the condition has been met but will only be complete once the apparatus has been installed and is made ready for operational use.

Once installed the developer should contact the Water & Planning Team at Hydrant.User@cambsfire.gov.uk to arrange an operational inspection for final and full discharge to be given.

Should you have any queries relating to this correspondence, or if this Service can be of any further help or assistance, please do not hesitate to contact me.

Yours sincerely

Phil Thacker
