3no Crittal Type French doors shown on approved drawings 9573-203-R02 & 9573-203-R00

Fully aluminium Heritage entrance door. A modern take on a design classic that dates back to the early 20th century Art Deco and Modernist architectural movements.

The industrial style of the slim frame is perfectly suited to aluminium, which, unlike its steel predecessor, is highly durable, energy-efficient and fully recyclable.

And, with several configuration options, including fan and side lights, you can create a seamless heritage aesthetic across a wide range of door opening sizes and uses, from single doors to French doors with multiple fan lights.

The slim steel-look form doesn't sacrifice function. Slim sightlines of just 51.7mm combine the striking geometric design with maximum light transmission, elegantly framing outside space. All complemented by market-leading U-Values of 1.4 w/m2K, making it fully compliant with Part L Building Regulations for refurbishment projects.
