Reasons for comment:	
Comments:	The gazebo has now been moved further along our boundary, so this unsightly structure is even more visible, it is far too close to our fence and well in excess of the standard height, it either needs to be moved away from our boundary, or the height needs to be reduced significantly to make it less of a monstrosity. We have planning regulations for a reason and I cannot understand why you have not asked the owners to reduce the height as regulations clearly state.

Kind regards
