The proposed development by Lidl to construct a Supermarket on the busy junction of Main Street, Hartford is an accident waiting to happen. This is a very busy junction with tailbacks of traffic most days. Any increase in traffic (eg Supermarket customers and deliveries) will create more congestion. Having lived in Owl Way for [redacted] years I am aware that when there is excess traffic in Main Street this road (Owl Way) becomes a Rat Run by motorists trying to avoid queues. There are traffic calming bumps and a 20mph speed limit but theses are ignored when drivers are in a hurry.
Owl Way is a residential area with many families and young children who go to school locally. Extra traffic could affect their safety.
