Dear Sirs

Thank you for your communication of 4 April regarding the above planning application.

We live at 1 Greenwood Close, Bury, which backs onto the above address. We have no objection to the plans put forward providing the trees at the boundary of the property are not going to be removed as the removal of these would, we feel, compromise our privacy in our lounge, our bedroom and our back garden. However, if the trees are to remain we have no objections.

Thank you for your consideration.

Yours faithfully
