Dear Lucy,

25/80171/COND – Land Adjacent 26 West Perry, Perry

Thank you for your consultation in regards to the above referenced planning application to discharge condition 3 applied to 24/01701/FUL.

We are in receipt of a draft evaluation report for the scheme. The report details findings of medieval ridge and furrow cultivation only, implying the site lie outside the village core in the medieval period, in an area utilised for agricultural practices.

No further archaeological mitigation and the land can be released for development. We have no objection to the discharge of the pre-commencement element of condition (parts a – c). We would advise that part d is retained until we are in receipt of an approved report. We have issued comments on the latest version and will provide update once we have received an updated version of the document.

Kind Regards
