RECEIVED

Dear Sirs,

Town & Country Planning (General Permitted Development) (England) Order 2015
Prior Notification of Agricultural Development
Construction of a Reservoir - R W Blackhurst, Wistow

On behalf of my client, R W Blackhurst, I am applying for permission to construct a second agricultural water storage reservoir on his land at Hill Farm, Wistow, as shown on the enclosed drawings (4 sets of 4 drawings). The construction is to use in-situ soils only and does not require the importation or exportation of construction soils.

This application is for prior notification as an agricultural development and I understand there is a period of 28 days for this to be considered. Could you please let me know if you require any further details for this to take place.

A cheque for the application fee of £240 is enclosed and a receipt for this would be appreciated as well as confirmation that the application is valid.

Yours faithfully,

A B Dennis.
