Subject: Seeking Your Views and or Permission – Tree Felling

Mimecast Attachment Protection has deemed this file to be safe, but always exercise caution when opening files.

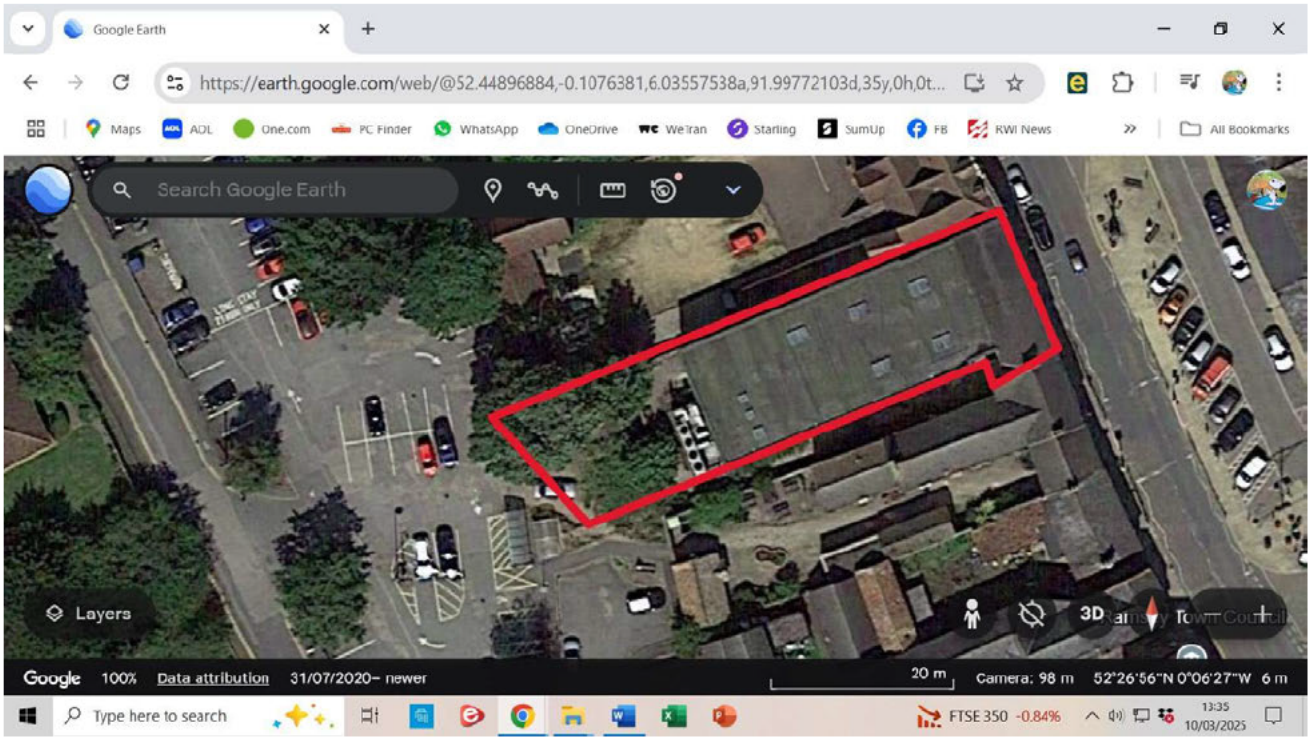
Good Afternoon,

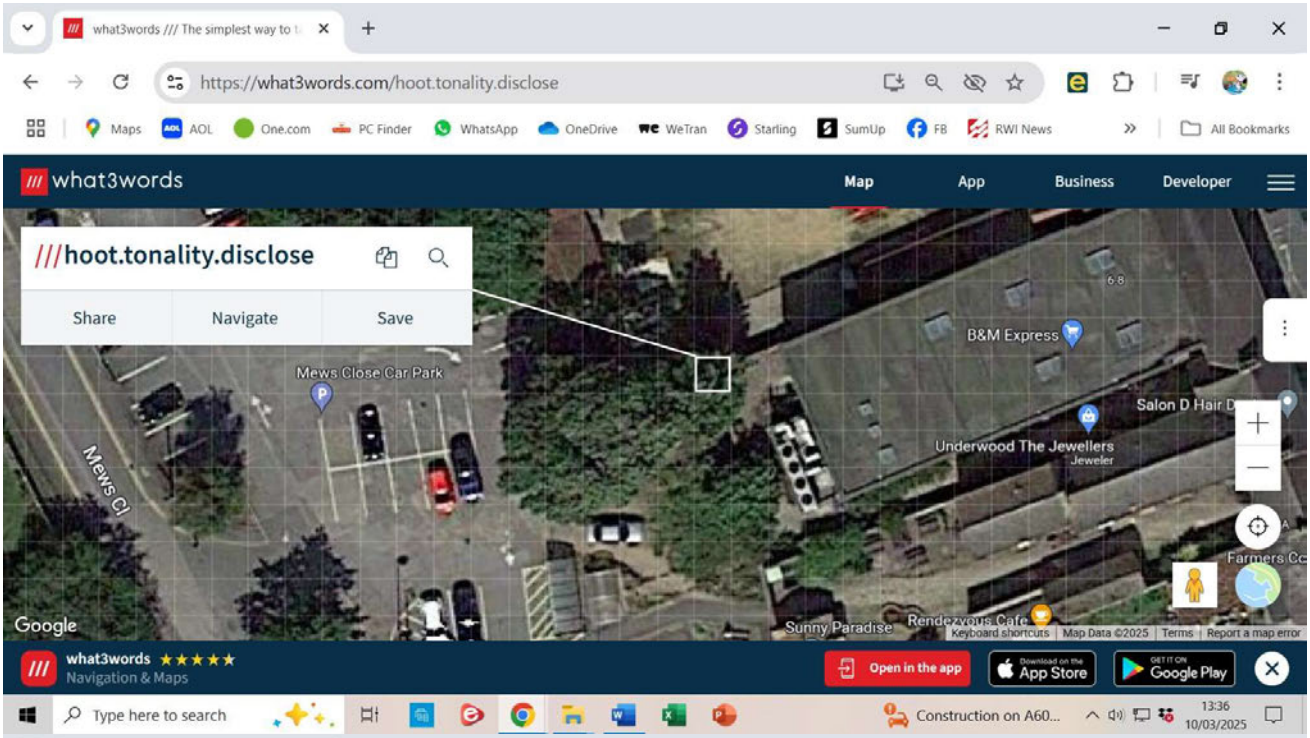
I hope this email finds you well.

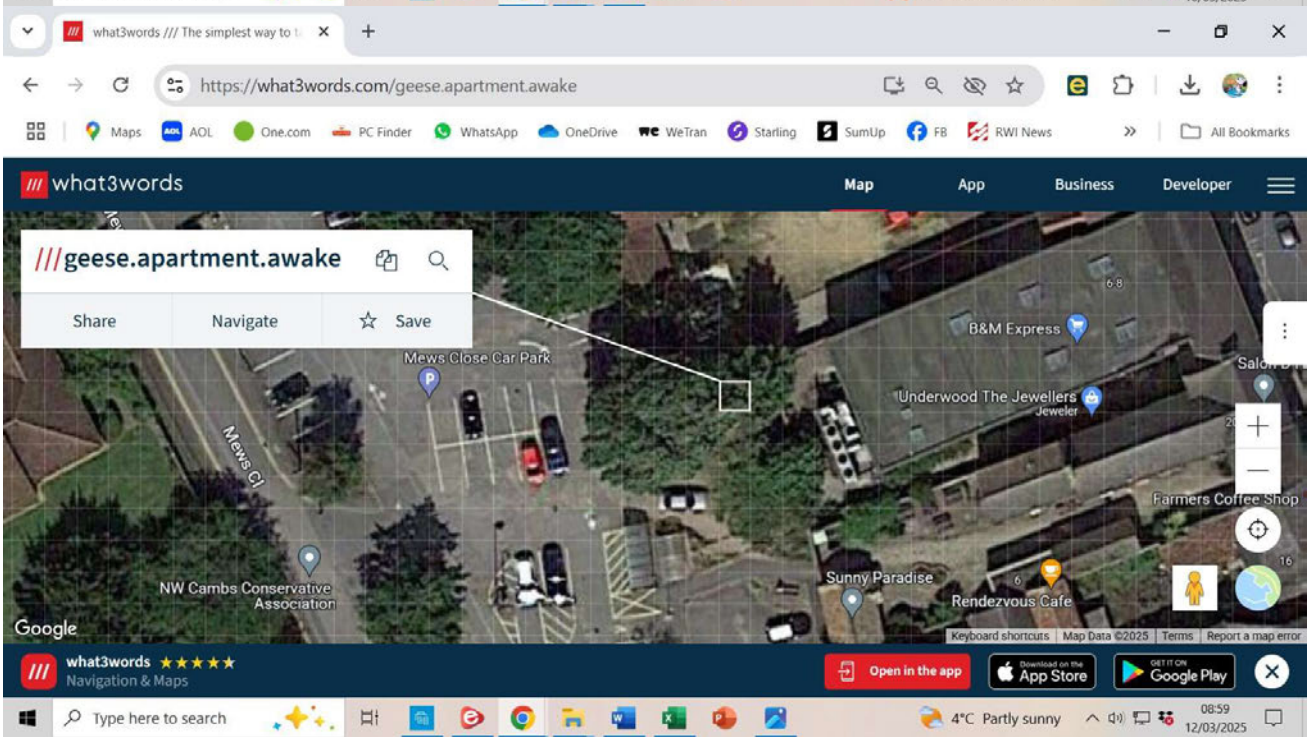
I am writing to you as the new occupier of the 1st Floor of 22 Great Whyte, Ramsey, Huntingdon, PE26 1HA.

As part of our plans for the building, I am wanting to tidy up the rear access point to the property from the Mews Close, to make it more inviting for our members and general public.

Following on from conversations and a site visit with [redacted] with regards to 2 trees located at the back of the property (as shown on the attached maps, what3words - ///hoot.tonality.disclose & ///geese.apartment.awake), in his view these 2 trees are not of the best of health and in Robert's view both need felling. Neither of these trees have 'Tree Preservation Orders' on them, but they are within the Ramsey Conservation Area. Due to them being within a conservation area, Robert has suggested that I make contact with yourself to seek your views and or permission to fell these 2 trees.







These are the 2 trees in question, which have quite a bit of Ivy growing on and up them.

If you would like to meet to discuss these 2 trees, I am more than willing to meet up at the location.

I look forward to hearing from you in due course.

Kind Regards

Pauline Williams
Club Secretary
North Eastern Huntingdonshire Table Tennis Club
