Hi [redacted]

Planning Ref: 24/80399/COND
Env Health Ref: 402167

Alconbury Weald Ermine Street Little Stukeley
Discharge of Condition 8 (Key Phase A Phasing Plan), Condition 16 part I (Land Contamination) and Condition 21 (Archaeological Investigation) of 19/01341/OUT.

I have reviewed the site investigation reports submitted in support of Condition 16, part 1 and I agree that a Detailed Quantitative Risk Assessment (DQRA) is required to further delineate and assess the risk of contamination at this site. The submitted reports may be approved. The DQRA is an extension to Condition 16, part 1, so this part cannot be discharged at this stage.

Best regards,
