Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this application. The proposed dwellings would directly overlook the rear of our property, leading to a serious loss of privacy for myself and neighbouring families. Our gardens are used daily [redacted], and this development would compromise their safety, comfort, and wellbeing. The proposal represents overdevelopment of a small green space, and would harm the peaceful, family-friendly character of the area. It would also likely reduce the value of our home due to loss of amenity. I urge the council to reject this application.

Kind regards
