Dear Planning (Trees)

Land off Meadow Drove, Earith. TPO No. 24/006 SB29DTIK0jm00

I act for Ms SJ Hampton who owns this field in Earith.

We were contacted by MWA Arboriculture (MWA), Unit 8 Stephenson House, Horsley Business Centre, Horsley, Newcastle Upon Tyne, NE15 0NY in relation to subsidence at 21 Meadow Way, Earith, Huntingdon, Cambs. PE28 3QJ (21MW).

Their report highlighted the tree in Ms Hamptons Field as being part of the problems being experienced at 21MW and requested that the tree be cut down.

We were reluctant to remove the tree but after much consideration, and not wanting to be bad neighbours we came to the decision that it must be done. We had already checked that the tree did not have a TPO on it but when we went to do the work on 19th November 2024 we were informed by the tenant of the field, Mrs Mary Burling, that there was now a TPO on the tree.

We left the site and the tree has had no work carried out on it to date but it does leave us in a difficult position.

We would like a meeting to look at the tree so we can find a way forward.

Please contact me on the mobile number or email address above.
