Subject: RE: Planning Permission Consultation - Land Adjacent Trinity Hall Church Street Old Hurst (ref 25/01099/FUL)

Good morning Kevin,

We held our meeting last night and this planning application was discussed.

The Parish council are in favour of this application as it brings two new houses to the village and would increase the look of the village, all were in favour to support this.
The only reservation/observation that they had which was the same with the previous application is that of the entrance. It is right on the corner and with Johnson's being opposite it gets rather busy. The visibility is the main concern, and they asked me to raise this to you.

Many thanks & kind regards

Louise Clowery

Parish Clerk & RFO to Oldhurst Parish Council
