Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The current parking arrangements cause problems in the street. There are 4 cars parked off road and 1 in the road every day. This makes access to our drive which is directly opposite the property difficult. The application states no change to parking, but in fact the new extension would be nearer the road than the garage which is being demolished. This would remove at least two off road parking spaces. This would mean at least three cars in the street causing issues for other residents.

Kind regards
