To Whom It May Concern

I am writing this letter to express my full support for the planning application 25/00069/FUL.

I am currently renting a container off [redacted] at Needingworth Self Store at the Barn for my business and hobby. I have looked at other sites in the area and these are much more expensive and this would put my business under financial pressure as all other sites within a 10-mile radius are much more expensive. [redacted], additional costs at this time with the current cost of living impact would have a detrimental impact on my business and the ability to employ.

Not only do I use this site for my business, I also use it as part of my wellbeing support as it has a real community feel and I know that [redacted] and the other tradesman on the site understand [redacted] If I am having a particular bad day, then I know that when I am at my container that people will not judge or stare at me and offer me support to which I am truly grateful for without this support my mental health would be much worse. The site is nice and clear with no obstructions, and I have no problems with walking around the site as it is laid to hard standing.

I hope you understand my position not only as a business but as an individual and ask you to support this application in full

Yours faithfully

[redacted]
