Comments Details

Commenter Type:	Statutory or non- statutory consultee
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	We have no objections to the proposed plans however would like clarification that the fence will be erected to the front of the property boundary and not around the full perimeter of the land as this is not clear from drawings provided on website, there is a red line which we presume depicts the boundary. When we purchased the property and searches were conducted we were informed we had access with the owners permission to the rear of our property for maintenance eg cleaning of gutters, windows etc as does the neighbouring property Stags Holt to enable them to fill and maintain bulk LPG storage tank. There is currently a small access gate to allow us to do so. We have no issue with car port as this will have no impact on us or our property as this is to

be built away from any windows on our property which let in light, please could you clarify the distance from the rear wall of our property to the car port as this is not clear on the plans. We support the addition of the gates as we feel this will add to the aesthetics and be in keeping with the village environment.

Kind regards
