In relation to this application, it was considered and the process managed in accordance with the National Planning Policy Framework 2024.

23. Note to applicant.

Huntingdonshire District Council became a Community Infrastructure Levy (CIL) Charging Authority on 1st May 2012. It is important that liable parties (usually developers or landowners) are correctly identified to the Council as early as possible. For more details on CIL, the developments the charges will apply to, how much the charge will be and the process involved, including the developers or landowners legal responsibilities, the CIL pages on the Council's website at www.huntingdonshire.gov.uk should be referred to. It should be noted that all development which creates one or more dwellings will be liable to be charged irrespective of the floor space charge. However, developments which create less than 100 square metres of new floor space and do not involve a dwelling or dwellings, will be exempt from CIL and will not be charged.

NOTES

Rights of Appeal under the Town and Country Planning Act, 1990 Section 78

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant permission subject to conditions, he/she may appeal to the Secretary of State responsible for planning within;

- **Six months from the date of this decision notice.**

Appeals must be made on a form which is obtainable from the Planning Inspectorate, Customer Support Unit, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN. Alternatively all forms can be downloaded from their website www.planning-inspectorate.gov.uk. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances, which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the Development Orders and to any directions given under the Orders. He does not, in practice, refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him.

If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State responsible for planning and the owner of the land claims that the land has become incapable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provision of Part VI of the Town and Country Planning Act, 1990.

Claiming Compensation

In certain circumstances, a claim may be made against the Local Planning Authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
