Heritage Statement: 199 High Street, Offord Cluny, St Neots, PE19 5RT

This proposal is for the replacement of a window to allow for garage doors to be fitted as in a previous use when the building was used as a garage for a funeral director's firm which parked the funeral car inside. The proposal is not deemed to have an adverse affect on the as the original brick opening is to be kept leaving the original brickwork in tact. A timber garage door is proposed to keep the look sympathetic with the existing building.
