Your ref: 25/80133/COND

Date: 20 June 2025

Dear Hannah,

DISCHARGE OF CONDITION 15 (FOUL DRAINAGE) FOR 21/01420/S73

RAF UPWOOD RAMSEY ROAD BURY HUNTINGDON PE26 2RA

Thank you for contacting us to advise you are now in a position to determine the application. We have reviewed the documents as submitted, and we would recommend the discharge of Condition 15.

Waste Water Disposal

Further to our previous letter, referenced AC/2025/132779/01-L01 and dated 29 May 2025, we have now been able to consider waste water disposal for this application. We have reviewed the information submitted and are satisfied that the proposed method of foul drainage disposal is set to be connecting to the mains sewer network.

We note Anglian Water Services' (AWS) latest verified 2024 Dry Weather Flow (DWF) data, shows that the Ramsey Waste Water Treatment Works (WWTW) is currently operating within its environmental permit for discharge volume. Therefore, we are satisfied to be able to recommend discharge of Condition 15.

We trust that this advice is useful.

Yours sincerely,

Ms Megan Turnpenney
