Your Ref: Tick Fen V66 turbine amendmen...

18th November 2024

Dear Mrs Whittome
Application for Non-Material Amendment following a grant of Planning Permission

Proposal: Non material amendment of 24/00311/FUL. The replacement turbine is being changed to a Vestas 52 (from a Vestas 66). The V52 is a smaller capacity turbine 0.85MW (V66 is a 1.75MW) with smaller blades of 26m blades (V66 has 32m blades). There will be no change to the tower height of 65m and the approved general appearance of the turbine as a white monopole with 3 blades.

Site address: Field South Of Tick Fen Farm Puddock Road Warboys

I refer to the above submission received on the 21st October 2024 and accompanying drawings referenced below.

Plan Type	Reference	Version	Date Received
Elevations	Turbine Specification - Vestas V52		21.10.2024

I would confirm that the non-material amendment(s) as described is (are) considered acceptable subject to the additional conditions identified below (the development remains subject to the conditions attached to the original planning permission) ;

0. Condition 2 of 24/00311/FUL (approved plans) is hereby amended, to supersede 'Vestas V66 Elevation drawing' with the approved plans for this non-material amendment application listed in the table above. This non-material amendment also amends the original description of development to 'Replacement of existing Wind Technik Nord 500kW wind turbine (tip height 74m) with 1no Vestas 52 wind turbine (tip height 91m).' No other plans or conditions listed in the decision notice for 24/00311/FUL are affected by the non-material amendment.

This decision should be read in conjunction with the decision notice for planning application reference 24/00311/FUL. For the avoidance of doubt this decision amends the plans and description of development approved under 24/00311/FUL.

Should you need to discuss your applications decision you can contact Huntingdonshire District Council's Planning Dept with your query at DevelopmentControl@huntingdonshire.gov.uk.

Yours sincerely
