25/80111/COND|Discharge of Condition 3 (Tree Protection Plan), 4 (Tree Planting), 5 Part A & B (Written Scheme of Investigation) and 6 (Demolition Environment Management Plan) of 20/00723/FUL.|21 Ramsey Road Warboys Huntingdon PE28 2RW

Dear Lucy,

The applicant has now submitted a report on an archaeological trenched evaluation to support their application for discharge of condition 5. The report is of a satisfactory standard, and the results of the evaluation should that there is a low level of Roman archaeology present, most likely representing an outlying field system from a nearby settlement. In our view this is not sufficiently significant to require further mitigation works. We can therefore recommend full discharge of condition 5.

Please let me know if you have any queries.

Regards,

Dr Simon Wood FSA Scot
Senior Archaeologist
