RE: Application description

Proposal: Proposed building signage

Site address: 2 Howard Road Eaton Socon St Neots

Following a review of the documents provided to the Highway Authority as part of the above planning application I have noted that the lighting levels at 300 cd/m^2 do not exceed the maximum permitted recommended luminance values. Therefore, no significant adverse effect upon the Public Highway should result from this proposal should it gain benefit of Planning Permission.

The Local Highway Authority raises no objections to the proposed development.

Sonia Hansen
Assistant Engineer
Highways Development Management
