**Subject:** Objection to 26/01897/FUL
**Date:** 21 November 2026 00:05:55

---

Dear Sir/Madam,

I am writing to strongly object to the proposed Lidl store application 26/01897/FUL for the reasons listed below:

- Increase in traffic and road safety concerns on Main Road and the T junction with Owl Way. It is already very difficult to turn right from Owl Way into Main Road, this development will make it even harder and may lead to unsafe manoeuvres and driver frustration resulting in higher collision risk.

- Owl Way is the main residential road serving the Birds estate. It will become a through road for people traveling to Lidl from North Hartford. This would adversely impact road safety especially for children, elderly and cyclists.

- Deterioration of air quality due to HGV deliveries as well as customer and staff traffic.

- Loss of green space and close proximity to conservation areas

- Noise and light pollution

- Impact on residential character of the area as well as impact to existing village store (which houses a Post Office)

- Building in Flood Risk area

Considering the above, I urge you to reject the application.

Kind regards,
