Reasons for comment:	
Comments:	The proposed development at 130 High Street, Abbotsley presents Road safety concerns. Access to the two properties is at a concealed point just past the bend in the High Street for traffic entering the village from the East. Concerns have been raised from the Speed Watch groups regarding speeding vehicles at this point and this presents a danger to road users, pedestrians and residents. This development will increase the level of danger. Thank you for your time and consideration.

Kind regards
