Subject: RE: Planning consultation notification 24/02123/FUL

Hi Andrea

This application is for an onion processing plant close to residential dwellings (that are unfortunately located down-wind) so I am concerned about odour and vehicle noise. As 24/00899/AGDET has already been approved, I am not sure what further information or control measures we are able to request. If possible, we would require a noise assessment and odour assessment prior to making an informed comment on this proposal.

Thanks,
Aaron
