# 7 Glebe Close Bluntisham, PE28 3FJ  TPO+CA (8597 Kay)

**Identification of Trees and proposed work:**

T1 Horse Chestnut: reduce southern side by 2.5m to clear house by 3 – 3.5m

**Reason:**

To keep clear of house and reduce likelihood of damage to property gutter, roof and paintwork

**Identification of Trees and proposed work:**

T2 Lime: remove new epicormic growth from stem and around base by 2m to previous pruning points. Repeat this process 3 times in the next 9 years.

**Reason:** the tree is hollow and was reduced to a 3m trunk some years ago. The proposed work is regular maintenance as required to maintain the tree at it's current size and shape.
