Planning Application Ref: 25/00335/FUL

Dear Sir/Madam,

30th March, 2025

We write with respect to the proposed development at the land at 70 High Street, Offord D'Arcy – Case reference **25/00335/FUL**.

We are the residents of 2 Meadow Lane, Offord D'Arcy which is situated diagonally to the proposed development site.

We have reviewed the comments made by our immediate neighbours [redacted] and fully support their list of objections to the proposed site.

We, too, would feel the impact of such a development of the site. We have already experienced instances where access to our property has been blocked by vehicles parking to access Millennium Green and feel that the current proposals do not provide the necessary infrastructure to support such a large dwelling and would cause further nuisance and restriction.

We concur with [redacted] suggestion that a smaller property would be more fitting for the site but more importantly, reduce the stress on road infrastructure and the serious concerns with respect to highway safety.

Sincerely,

[redacted]
