Proposed Materials

The design and appearance of the proposed barn conversion will copy the same material palette as the existing dwelling and surrounding farm structures.
This will complement the materials of the surrounding buildings.

The materials will therefore be as follows:

1 Brickwork plinth to porch and barn to closely match existing barn and dwelling
Foxton Cream Handmade, BH06398
H 65mm, L 215mm, D 102.5mm
The Foxton Cream Handmade is a cream bodied brick with delicate variations of colour and texture to the face that make each individual brick unique. It is ideal for matching into older properties,

2 Metal Gutters and Downpipes
Cast Aluminium Box Gutter - 100mm x 1.8mtr Black with Cast Aluminium Square Downpipe - 63mm x 0.5mtr Black

3 Rooflights
The Rooflight Company. Material: Accoya acetylated softwood supplied by Accsys UK. Model: Conservation Rooflight CR14-Size: Structural Dimensions 1021 x 1333 , out of reach Glazing - Bio-clean.

4 Black corrugated steel cladding to Walls and Roof
13/3 Corrugated 0.5 Thick Polyester Paint Coated Roof Sheet. 3 inch/76mm round, with a width coverage of 990mm when installed. Polyester paint coat on top of the galvanised steel. 65mm Screw with Baz Washer with matching cover cap
Manufacturer- Cladco

5 Aluminium Windows and Doors
Anthracite RAL 7016
Manufacturer- Kloeber UK Ltd

6 Roof tile to Entrance Canopy
Sandtoft New Rivius Left Hand Verge Antique Slate SKU SAN4064

7 Oak frame Canopy to entrance
