Huntingdonshire District Council in pursuance of powers under the above Act, hereby **REFUSE TO GRANT CONSENT** to carry out the following work:

Proposal: T1 three mature limes reduce the height of the trees by four meters to reduce wind resistance and reduce risk of failure of main stem. Also to reduce lateral spread by one meter where applicable on longer and heavier branches. Resident has noted large breakouts of deadwood.

Site address: 9 St James Road Little Paxton PE19 6QW

Applicant: mr adam croucher

Application Reference: 24/02276/TREE

In accordance with your application received on 4th December 2024 and the plans, drawings and documents which form part of the application subject to the following reason/s.

1. Reason: Reason - It is therefore felt that the proposed works would not be sound arboricultural advice. A crown reduction would reduce amenity value, create ingress points for pathogens and result in weakly attached reaction growth that is more prone to failure.

2. Note to applicant: No application is required for the removal of dead branches from protected trees. The removal of deadwood would help alleviate the risk posed by the tree.
