Reasons for comment:	
Comments:	I have no problem with the building going up but do have concerns over the proposed access. the entrance/exit is on an blind junction that is a nightmare in a car let alone an HGV or tractor and trailer and would be crossing an existing foot path that is heavily used. the previous plans for the store had the entrance/exit further down the hill and that would be a much safer place for there vehicles to be entering and exiting there site onto a national speed limit road.

Kind regards
