Amendments to the Application Form

Identification Of Tree(s) And Description Of Works - Please identify the tree(s) and provide a full and clear specification of the works you want to carry out

Previous Answers:

T118 - English Oak - Highways requirements need a 5.5m high clearance over the road. You could look to crown lift to this height (measured from the road, not the current lowest branch height) to ensure that there is sufficient vertical space for the buses.

T120 - Cherry - Fell

T124 - Cherry - Fell

T115 - Sycamore - Crown lift over footpath to provide 2.4 metre clearance. Raise branches over building to prevent direct contact.

T142 - Ash - Reduce back branches from lighting pole to provide a clearance of 1 metre.
