RE: ***Application description***

Proposal: Erection of 1.8m security gate and fence
Location:. The Stables Long Drove Somersham

Following a review of the documents provided to the Highway Authority as part of the above planning application I have noted that the new fence and gates are to replace existing. The gate will be in the same position of existing and is set back from the carriageway edge to allow vehicles to stop off the carriageway before entering the premises.

I do not consider that this application will have any significant adverse impact upon the operation of the highway network and therefore I have no objections.

Sonia Hansen
