Good afternoon

I am a resident of this area and would just like to confirm that the grass area will not be affected as this is used a lot by children in the area to play, especially in the half term. As this is one of very little grass areas in this street where they can play. I would just like to point out maybe a wall to be put inbetween the grass and car spaces to avoid damage.

I have looked at the plans and it doesn't look like it will be affectee but would like some confirmation.
