Thank you for reconsulting us on the revised plans received on 29 July 2026.

The Phase F Boundary Treatment Plan (Drawing No. P24-0760_DE_001_J_19, dated 8 May 2026) does not show the 2.4m high close-boarded fence required to reduce external noise to an acceptable level. Our previous comments and recommendations, as set out in our email of 16 January 2026, therefore remain unchanged.
