Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I was initially advised by the owner this building was to be kept as a storage/workshop facility, it is patently obvious this was not the case from the outset, most disappointing. I object to the application for the following reasons. 1, Can it be verified that all permissions were sought and approved to elevate the roof by 24"(est) at the front and 40"(est) too the rear. 2, In the recent past we have had 2x additional houses built on the Green, the old 'Victoria Inn' converted into flats and more recently another new build house on the Green. The population density is presently significant and requires no increase. 3, The restrictive parking for the area is not only tiresome for existing residents but becoming a danger to all. The 'no vehicle dwelling' requirement is so open to abuse, I wish to know how this will be monitored and enforced. Just drop off and pick up from the residence has dangerous implications. 4, I have personally witnessed on occasion an elderly lady with a frame and another elderly

lady with a shopping trolley bag being forced off the path onto the road due to the waste bins being located on the path waiting for pick up or to be put away.

Kind regards
