Subject: Removal/Variation of Conditions - Oakwoods Sawpit Lane Hamerton (ref 25/00309/S73)

Dear Sir/Madam,

I have reviewed the amended plan for the above variation of planning for Oakwoods, Sawpit Lane Hamerton.

Although my preference would be to not have a chimney so close to my home and I am not withdrawing my original objection, I find the amended drawing for a taller and slimmer chimney preferable to the original design.

However, in this day and age when we are are encouraged to avoid air pollution, I do not understand why an electric form of wood burner would not be more appropriate. This would seem particularly fitting as the house is already served by solar panels.

I would like to be notified of any final decision made in this matter.

Kind regards

[redacted]
Cotmanor, Sawpit Lane
Hamerton
