RE: Application description
Proposal: Permission in principle for construction of up to 2no. dwellings

Site address: Land At 130 High Street Abbotsley

Following a review of the documents provided to the Highway Authority as part of the above planning application I have noted that the application is for 2 new dwellings with a shared highways access onto the High Street within the 30mph limit at the location of an existing pedestrian field gate.

Based on the information submitted, from the perspective of the Local Highway Authority the proposed development is acceptable.

If the Local Planning Authority are mindful to approve, then further details of visibility splays and access geometry shall be expected as part of the technical details consent application.

Sonia Hansen
Assistant Engineer
