Subject: Planning Application Ref 25/00226/FUL
Date: 05 March 2025 17:05:25

Good Afternoon,

I write to confirm that Glatton Parish Council recommend approval of the abovementioned planning application at Tilson Autos.

One consideration is that whilst the site is not increasing the hard standing it is a key area for water entering the village, so is there anything that could be done as part of the construction to assist with the slowing of water flow into Glatton village?

Kind regards

[redacted]
Parish Clerk
