Hi Hannah

Planning Ref: 24/80416/COND
Env Health Ref: 402217

Homefield Farm, Great North Road, Alconbury, Huntingdon PE28 4ER
Discharge of Condition 3 (Materials) and 4 (Contamination Two) for 23/02290/FUL

I write with regard to the "*Phase 2 Geo-Environmental Assessment and Phase 3 Remediation Strategy*" written by Erda Associates Ltd (report reference EAL.02.24 (dated November 2024).

The assessment and remediation strategy are acceptable, and I recommend the report be approved in accordance with Condition 4, so this won't prevent the commencement of development. The approved remediation strategy may be implemented in accordance with Condition 5.

Best regards,
Aaron
