Dear Lewis,

25/80163/COND – Tilbrook Mill Kennels, High Street, Tilbrook

I am writing in regards to the archaeological condition (8) applied to 24/00591/FUL.

We are in receipt of a draft evaluation report for the scheme, which confirms findings of undated features only. No further mitigation is required and we would have no objection to the commencement of development.

As such we would advise that parts a – c of the condition, including the pre-commencement element, can be discharged. We would advise part D is retained until we are in receipt of an approved report. Once in receipt I will send a further update.

Kind Regards

Lewis
