Dear Sir/Madam
I am having problems online so am sending an email with regard to planning application Ref: 25/00496/HHFUL. My house is 51 Park Road, Buckden. The boundary of my property abuts the side wall of 47 Park Road opposite my front garden, kitchen window and drive. Part of my garden runs the whole length of 47 Park Road.
I have just looked at the planning application and noticed the addition of a window in the side wall of the applicant's house which is currently all brick with no overlook onto us. The plans indicates the window to be high level. We would prefer no window in this wall but will accede if we can be reassured that they have chosen a very narrow window to be placed very high in the room. If it is for light only, there should no reasonable problem with this.
Yours faithfully
