For the attention of Development Services

Planning Ref: 24/80359/COND

29 October 2024

Dear Development Services,

RE: PROVISION OF WATER SUPPLIES FOR FIRE FIGHTING
DISCHARGE OF CONDITIONS: Condition 24 (Fire Hydrants)

I can confirm that statutory consultation has taken place with **DACI Utilities** and that they have been advised on the number and location of fire hydrants necessary to serve the development.

In principle the condition has been met but will only be complete once the apparatus has been installed and is made ready for operational use.

Once installed the developer should contact the Water & Planning Team at Cambridgeshire Fire & Rescue Service to arrange an operational inspection for final and full discharge to be given.

Should you have any queries relating to this correspondence, or if this Service can be of any further help or assistance, please do not hesitate to contact me.

Yours sincerely

Phil Thacker

WATER AND PLANNING MANAGER
