Heritage Statement: 253 Great North Road, Eaton Socon, St Neots Cambs

The application is for a small 5.4m sq ground floor infill extension, it is to the rear of the property and using materials to match the existing building it is therefore considered that this proposal would have no adverse affect on the conservation area.

Design and access statement:

The extension has been designed to infill a small space to the side of an existing extension projecting out the same distance to run in line across the back blending in with the use of the same reclaimed old stock bricks
