2. Condition.
The development hereby permitted shall be carried out in accordance with the approved plans listed in the table above.

Reason: For the avoidance of doubt and to facilitate any future application to the Local Planning Authority under Section 73 of the Town and Country Planning Act 1990.

3. Condition.
The materials to be used in the external construction of the development, hereby permitted, shall be as detailed in the submitted plans listed in the table above and received by the Local Planning Authority on the 6th of February 2025 unless otherwise agreed in writing by the Local Planning Authority.

Reason: To ensure the external appearance of the development does not detract from the character and appearance of the area in accordance with Policies LP11 and LP12 of the Huntingdonshire Local Plan to 2036.

4. Condition.
No external lighting shall be provided or installed other than in accordance with a scheme which has been submitted to and approved in writing by the local planning authority. The scheme shall be carried as approved and shall be retained as such.

Reason: To minimise the effects of light pollution on the surrounding area and to protect biodiversity interests in accordance with Policies LP14 and LP30 of the Huntingdonshire Local Plan to 2036.

5. Condition.
The development hereby approved shall be carried out in strict accordance with the Ecological Impact Assessment produced by Greenwillows Associates LTD received by the Local Planning Authority on 6th of February 2025, including the recommendations in Table 1 of the report.

Reason: To complement or enhance features of biodiversity value in accordance with Policy LP30 of the Huntingdonshire Local Plan to 2036.

6. Condition.
A. Site Investigation Information
No development (except demolition of above ground structures) shall take place until an assessment of the nature and extent of contamination has been submitted to and approved in writing by the local

planning authority. This assessment must be undertaken by a competent person and shall assess any contamination on the site, whether or not it originates from the site. Moreover, it must include;
(i) details of previous land uses;
(ii) a site investigation survey of the extent, scale and nature of contamination;
(iii) an assessment of the potential risks to;
a) human health,
b) property*,
c) adjoining land,
d) groundwaters and surface waters,
e) ecological systems and
f) archaeological sites and ancient monuments.
* Property (existing or proposed) includes buildings, crops, livestock, pets, woodland and service lines and pipes

B. Submission of Remediation Scheme
Where contaminated is found which poses unacceptable risks, as determined by the local planning authority in its response to (A), no development shall take place until a detailed remediation scheme has been submitted to and approved in writing by the local planning authority. The scheme shall include;
(i) an options appraisal and remediation strategy;
(ii) remediation objectives and remediation criteria;
(iii) remediation works to be undertaken and the order in which the works will be progressed;
(iv) a verification scheme providing details of the data that will be collected in order to demonstrate that the works set out in (iii) have been completed and identifying any requirements for longer-term monitoring of contaminant linkages, maintenance and arrangements for contingency action.
The scheme should be designed to ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use.

C. Implementation of Approved Remediation Scheme
Where a detailed remediation scheme has been required and approved under (B), no occupation of any part of the permitted development which has been identified in the scheme as being subject to contamination shall take place until the approved scheme has been implemented and the verification report, including the results of sampling and monitoring carried out in accordance with the approved verification scheme to demonstrate that the site remediation criteria have been met, has been submitted to and approved in writing by the local planning authority. The report shall, if required by the local planning authority, also include a reassessment of the long-term monitoring of contaminant linkages, maintenance and arrangements for contingency action. The long-term monitoring and maintenance proposals shall be implemented as finally approved.

D. Reporting of Unexpected Contamination
If, during development, contamination not previously identified is found to be present at the site;
(i) it shall be reported in writing to the local planning authority within 1 working day;
(ii) no further development (unless otherwise agreed in writing by the local planning authority) shall be carried out until site investigations have been undertaken and a remediation strategy has been submitted to and approved in writing by the local planning authority detailing how this unsuspected contamination will be dealt with;
(iii) the remediation strategy shall be implemented as approved;
(iv) no occupation of any part of the permitted development identified in the remediation strategy as being affected by the previously unidentified contamination shall take place until;
a) the approved scheme has been implemented in full and any verification report required by the scheme has been submitted to and approved in writing by the local planning authority;
b) if required by the local planning authority, any proposals for long-term monitoring of contaminant linkages, maintenance and arrangements for contingency action have been submitted to and approved in writing by the local planning authority.
(v) the long-term monitoring and maintenance plan shall be implemented as approved.

Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property, ecological systems and heritage assets, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, in accordance with the Policy LP37 of the Huntingdonshire Local Plan to 2036 and the National Planning Policy Framework (2024).

7. Note to applicant.
Statement as to how the Local Planning Authority (LPA) has worked with the applicant in a positive and proactive manner on seeking solutions:

When an application is received, planning conditions will be used where they can make a development acceptable.

A clear reason for refusal identifies the specific reasons why the development is unacceptable and helps the applicant to determine whether and how the proposal can be revised to make it acceptable.

In relation to this application, it was considered and the process managed in accordance with the National Planning Policy Framework 2024.

Huntingdonshire District Council became a Community Infrastructure Levy (CIL) Charging Authority on 1st May 2012. The Council is obliged to collect the levy from liable parties in instances where development received planning permission on or after 1st May 2012. It is important that liable parties (usually developers or landowners) are correctly identified to the Council as early as possible. For more details on CIL, the developments the charges will apply to, how much the charge will be and the process involved, including the developers or landowners legal responsibilities, the CIL pages on the Council's website at www.huntingdonshire.gov.uk should be referred to. It should be noted that all development which creates one or more dwellings will be liable to be charged irrespective of the floor space charge. However, developments which create less than 100 square metres of new floor space and do not involve a dwelling or dwellings, will be exempt from CIL and will not be charged.

NOTES

Rights of Appeal under the Town and Country Planning Act, 1990 Section 78

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse permission for the proposed development or to grant permission subject to conditions, he/she may appeal to the Secretary of State responsible for planning within;

- **Six months from the date of this decision notice.**

Appeals must be made on a form which is obtainable from the Planning Inspectorate, Customer Support Unit, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN. Alternatively all forms can be downloaded from their website www.planning-inspectorate.gov.uk. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances, which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the Local Planning Authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the Development Orders and to any directions given under the Orders. He does not, in practice, refuse to entertain appeals solely because the decision of the Local Planning Authority was based on a direction given by him.

If permission to develop land is refused or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State responsible for planning and the owner of the land claims that the land has become incapable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provision of Part VI of the Town and Country Planning Act, 1990.

Claiming Compensation
In certain circumstances, a claim may be made against the Local Planning Authority for compensation where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.
