Dear Christina,

Thank you for your consultation in regards to the discharge of the archaeological conditions 10 on 25/00394/FUL and 7 on 24/01734/FUL.

We are in receipt of an approved evaluation report which has been attached to the planning applications. The report details findings of a sole undated ditch, with truncation seen southern and eastern bounds of the scheme impacting archaeological survive.

We are in receipt of a transfer of title document allowing the archive to be deposited with ourselves and are working with the applicants archaeological contractor over any remaining archive requirements.

We would therefore advise that the archaeological conditions can be discharged in full.

Kind Regards

Lewis
