Comments Details

Commenter Type:	Third Party
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The plans seem to indicate that there is a window visible in the roof to the front of the property, this is not I keeping with the remainder of these terraced houses. The plans show the there is a dual level extension adjacent to 4 and 6 Bridge Terrace, this I believe will adversely affect the natural light which enters the properties. The extension proposed at number will will cause the veranda at 4 will be shaded all day the mean minimal light will enter the single window in both the kitchen and dinning room. I believe this infringes the right to light of the owner occupiers of No.4 Bridge Terrace, as such I would be grateful if you woul reject this planning application.

Kind regards
