RE: ***Application description***

Proposal: Installation of ultra-rapid charging hubs and associated infrastructure at an existing car park

Location: Land West Of 2 Stukeley Road Retail Park Huntingdon

Following a review of the documents provided to the Highway Authority as part of the above planning application I have noted that:

This proposal will provide ultra-rapid EV charging facilities to the public, including customers at the Stukeley Road Retail Park, thereby improving public access to such infrastructure. There are no proposed changes to the existing entrance to the car park.

The Local Highway Authority raises no objections to the proposed development

Sonia Hansen
Assistant Engineer
